MBR – Beijing Origin Water Cooperation

Beijing Origin Water Technology Co. has appointed **MBR Wastewater Treatment** as its exclusive agent in Turkey and non-exclusively at the peripheral countries.

Beijing Origin Water Technology Co. (BOW) is by far the leading one-stop solution provider at water and wastewater treatment, wastewater reclamation, water resource management, solid waste treatment and EPC contractor.

BOW is one of the very rare companies with over 100,000 m³/d wastewater treatment with membrane technology. The company has over 25 years of operation experience at the large mbr treatment projects. Data sheets will be available at our web page.
